Cameron County Judge

OUTDOOR EXERCISING

On April 7, 2020 Cameron County Judge Eddie Treviño, Jr., issued the Supplemental Emergency Management Order and Recommendations Concerning Additional Travel Restrictions and Face Coverings due to the increasing concerns of a COVID-19 spike and outbreak in the U.S. In conjunction with the Centers for Disease Control and Prevention (CDC) and the World Health Organization (WHO), it was recommended to utilize a face mask/ covering when out in public and that all travel deemed essential or necessary be limited to no more than two (2) individuals per vehicle, and when possible, be voluntarily limited to one (1) person per vehicle due to the CDC recommendation of social distancing not being possible in most vehicles.

In consensus with the County Commissioners' Court and elected officials of Cameron County, on April 9, 2020, Cameron County Judge Eddie Treviño, Jr., ordered the First Supplemental Emergency Management Order and Recommendations Concerning Additional Travel Restrictions and Face Coverings with the provision that all individuals in Cameron County must wear a face mask/covering when out in public.

In light of activities such as walking, jogging or exercising outdoors, and in consultation with Cameron County Health Authority Dr. James Castillo, Cameron County Judge Eddie Treviño, Jr. publicly clarified that under the order in place with the provision that all residents should utilize a face mask/covering when out in public, face masks/ coverings are not mandatory when conducting activities such as walking, jogging or exercising outdoors. It is strongly encouraged to utilize precautionary measures and/or covering when deemed necessary while conducting such activities to accordingly protect ourselves and each other.
