**CAMERON COUNTY TEMPORARILY CLOSES BOCA CHICA BEACH  
AND BEACH ACCESS AREAS**

Effective today, April 17, 2021, at 9:30 a.m., Cameron County Judge Eddie Treviño, Jr., has ordered the temporary closure of the following Cameron County beaches:

- Boca Chica Beach
- County Beach Access No. 5
- County Beach Access No. 6

These County beaches are temporarily closed until further notice to all incoming vehicular and pedestrian traffic to protect the safety and well-being of the general public in light of precautionary weather conditions and high tides. Waves, tides, and winds call for undrivable land conditions and we ask that all individuals be cautious when visiting our beaches and heed the advice of the lifeguards and the Flag Advisory System signage at all times.

County beach areas on South Padre Island such as Isla Blanca Park, Andy Bowie County Park, County Beach Access No. 3 and 4, and E. K. Atwood County Park Pavilion will remain open until further notice.

Cameron County is committed to protecting the life, health, and well-being of everyone on our Coastal Beaches and will inform of any updates. Should you have any questions or concerns, please refer to the Cameron County website for related news and updates at [www.cameroncounty.us](http://www.cameroncounty.us). Or contact the Cameron County Parks and Recreation Department at (956) 761- 3704.
