

CAMERON COUNTY **QUESTIONS & ANSWERS**

RFQ NUMBER: 210602

RFQ TITLE:

ARCHITECTURAL / ENGINEERING SERVICES - SANTA ROSA COMMUNITY COUNTY PARK IMPROVEMENTS

1. Would an electronic submittal be accepted? If so, please provide details on who/how to send the electronic submittal.

NO

2. Will local firms have preference over firms with specific Aquatic and park experience?

The Cameron Commissioners Court will make the final determination.

3. Notary in TX is listed. Can we provide a notary from Colorado where our primary place of business is located?

YES

4. Is there an overall (hard and soft costs) and/or construction budget for the project?

Approximately between \$1.5 million and \$2 million.

5. Has any preliminary programming work been completed? Or will the programming be part of the A&E team scope of work?

A draft conceptual has been created but it is not the actual final designed. The selected architectural firm will need to create the site plan to present to the Commissioners Court for approval.

6. Do you have more specific scope details for project?

- Will the bathhouse be renovated and or expanded? **New Construction**
- Will the swimming pool area add a splash pad/kiddie pool? **Kiddie pool, possibly a splash pad.**
- Will there be an addition for a leisure pool? **To Be Determined**
- Baseball field - will the structures be renovated only or expanded? **n/a**
- New seating for the baseball field? **n/a**
- Renovation of the field house building? **n/a**
-

7. Will the county provide a Geotech report or is the A&E team responsible for this scope? **To Be Determined**

8. Will the county provide a site survey or is the A&E team responsible for this scope? **To Be Determined**

9. Please provide us with the scope of work for the Community Park Improvements. Specifically, what are the improvements for the park?

The proposed improvements include a swimming pool with bathrooms, equipment and amenities, covered picnic pavilion, covered basketball court, trail improvements, sidewalks/walkways, benches, interpretive signage, landscaping, and miscellaneous support amenities.

10. Can you provide a site plan and or surveys of the existing area to be improved?

None at this point
